Day 1

Download the task material from Google Classroom and extract the folder. Every time, it is better option to extract the zipped folder before working on it.

- ➢ Do find the following files within **Day1 folder** that contains this **Read Me.pdf** file.

- First file is **Introduction.pdf**
  - o This folder contains resources for **OpenCV and Image Basics**
  - o Read the resource file thoroughly

- Second file is **Numpy.pdf**
  - o This folder contains resources for **Numpy**
  - o Read the resource file thoroughly, also watch the given videos.

- Third file is **Installation.pdf**
  - o This file contains the installation instructions for openCV.

- **Task 0**
  - o Read the installation pdf carefully and Install OpenCV in your system.

…HAPPY LEARNING!!!...
